Notes from E-Marking Centre on HSSC-II Islamiyat Annual Examinations 2025

Introduction

This document has been produced for the teachers and candidates of Higher Secondary School Certificate (HSSC) Part II Islamiyat. It contains comments on candidates' responses to the 2025 SSC-II Examination indicating the quality of the responses and highlighting their relative strengths and weaknesses.

E-Marking Notes

This includes overall comments on candidates' performance on every question and *some* specific examples of candidates' responses that support the mentioned comments. Please note that the descriptive comments represent an overall perception of the better and weaker responses as gathered from the e-marking session. However, the candidates' responses shared in this document represent some specific example(s) of the mentioned comments.

Teachers and candidates should be aware that examiners may ask questions that address the Student Learning Outcomes (SLOs) in a manner that requires candidates to respond by integrating knowledge, understanding and application skills they have developed during the course of study. Candidates are advised to read and comprehend each question carefully before writing the response to fulfill the demand of the question.

Candidates need to be aware that the marks allocated to the questions are related to the answer space provided on the examination paper as a guide to the length of the required response. A longer response will not in itself lead to higher marks. Candidates need to be familiar with the command words in the SLOs which contain terms commonly used in examination questions. However, candidates should also be aware that not all questions will start with or contain one of the command words. Words such as 'how', 'why' or 'what' may also be used. It is imperative to refer to the command word guide available on AKU-EB website for understanding the expectations of the command word.

General Observations

The overall performance of the entire cohort in the examination indicates that the majority of candidates used their time effectively by offering relevant and focused responses that attempted to address the questions as instructed. Their responses demonstrated relevance and corresponded with the requirements. However, the candidates seemed challenged in the questions related to 'compilation of Hadith'. It was also observed that candidates struggled to construct their responses as per the **command words** used in the questions.

Note: Candidates' responses shown in this report have not been corrected for grammar, spelling, format, or information.

DETAILED COMMENTS

Constructed Response Questions (CRQs)

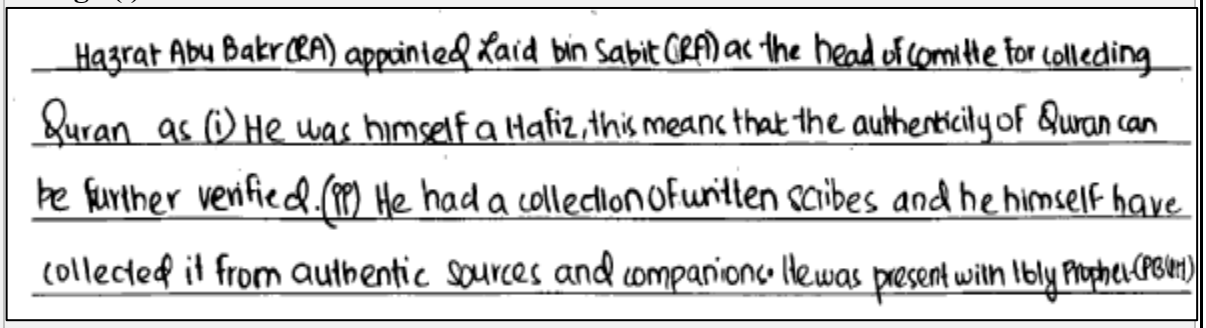

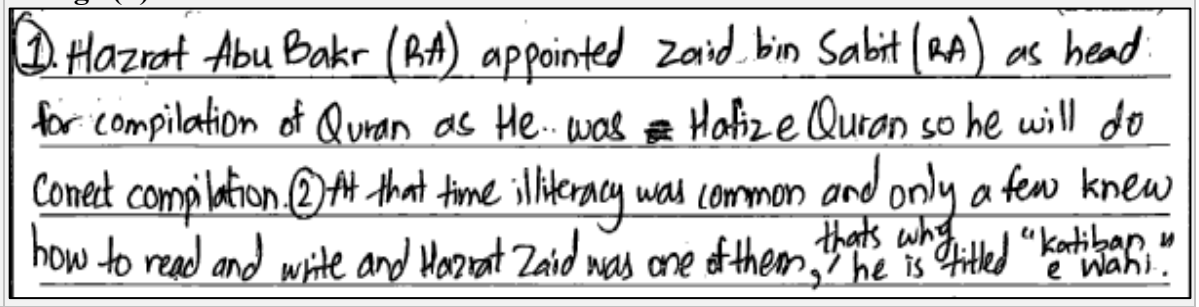

Question No. 1a	
Question Text	During the compilation of the Holy Qur'an, Hazrat Abu Bakar Siddique (*RA*) appointed Hazrat Zaid bin Sabit (*RA*) as the head of the committee. Describe any TWO reasons behind this act.
SLO No.	1.2.3
SLO Text	Describe how the Qur'an was collected and compiled during the period of rightly guided caliphs (رضوان الله عليهم).
Max Marks	2
Cognitive Level	U*
Checking Hints	Give ONE mark for writing a reason (THREE required).
Overall Performance	Overall, candidates struggled in attempting this question. Some candidates displayed sound knowledge, accurate understanding, and effective expression. The analysis of their answers shows that their comprehension of the compilation and preservation of the Holy Qur'an was significantly better, reflecting a stronger analysis of their answers indicates that their comprehension of the compilation and preservation of the Holy Qur'an was outstanding.
Description of Better Responses	In *better responses*, candidates mentioned that Hazrat Zaid bin Sabit (*RA*) used to serve as a scribe during the life of the Holy Prophet (PBUH), possessed excellent skills in writing and recitation, had memorized a significant portion of the Holy Qur'an, and enjoyed the trust of all the Companions (*RA*), etc.
Images of Better Responses	**Image (i)**  Hazrat Abu Bakr (RA) appointed Zaid bin Sabit (RA) as the head of comitte for collecting Quran as (i) He was himself a Hafiz, this means that the authenticity of Quran can be further verified. (ii) He had a collection of written scribes and he himself have collected it from authentic sources and companions. He was present with Holy Prophet (PBUH) **Image (ii)**  (1) Hazrat Abu Bakr (RA) appointed Zaid bin Sabit (RA) as head for compilation of Quran as He was a Hafize Quran so he will do correct compilation. (2) At that time illiteracy was common and only a few knew how to read and write and Hazrat Zaid was one of them, thats why he is titled "katiban e wahi".
Description of Weaker Responses	Weaker responses reflected that candidates were unable to comprehend the question correctly. They failed to provide the specific reasons for appointing Hazrat Zaid (*RA*) as the head of the committee and instead listed his general personal attributes. For example, some candidates mentioned that he had heard more *Ahadith* directly from the Holy Prophet (PBUH), he was a very truthful person, and he was steadfast. Similarly, a few candidates mentioned that Hazrat Zaid (*RA*) was a close companion of Hazrat Abu Bakr Siddiq (*RA*), and Hazrat Abu Bakar Siddique (*RA*) had greater trust in him.

Image of Weaker Response	he was senior and companion of hdy prophet PBUH and has experience of handling committees and pious was given authority to handle committee and collect and compile the holy Quran in the best way possible.

Any Additional Suggestion:
When teaching the compilation and preservation of the Holy Qur'an, teachers should explain the three stages of this process separately and highlight the distinctive features of each stage. Specifically, during the Prophetic era, the Qur'an was preserved, whereas during the era of the Rightly Guided Caliphs (*RA*), it was codified. Teachers should also have students prepare a chart outlining the unique characteristics of all three stages to help them clearly understand the process of compilation and preservation of the Qur'an.

Question No. 1b

Question Text	إِنَّ فِي خَلْقِ السَّمَاوَاتِ وَالْأَرْضِ وَاخْتِلَافِ اللَّيْلِ وَالنَّهَارِ لَآيَاتٍ لِّأُولِي الْأَلْبَابِ۔ (*Aal-e-Imran:*190) What is the MAIN teaching of the given *ayah*? Also, describe any TWO applications of the *ayah* in practical life.

Overall Performance	Overall, the candidates' performance in this question was below average. The question consisted of two parts: first, identifying the MAIN teaching of the *ayah*, and second, applying the *ayah* to practical life. Few candidates demonstrated a clear understanding of both components and provided well-structured responses. In addressing the MAIN teaching and its applications, they focused on themes such as *Tawheed* (monotheism), society, and scientific inquiry. The responses indicated that the candidates place significant importance on *Tawheed*, societal values, and science in their personal lives

Any Additional Suggestion:
When teaching selected *ayaat* of the Qur'an, teachers should explain the meanings of key words from the *ayaat*, provide a clear understanding of the content, and illustrate examples of their practical applications. This approach will serve two key purposes: first, it will enable students to understand how to apply the ayaat in real life situations; and second, it will help them practise applying these teachings in their own lives. Additionally, it will equip students to respond more effectively to examination questions related to the practical applications of the *ayaat*. For example, when teaching the *ayah* "وَأَقِيمُوا الصَّلَاةَ وَآتُوا الزَّكَاةَ" (Establish prayer and give *Zakat*), teachers can highlight the importance of regular worship and social responsibility. Similarly, when teaching the ayah "وَقُولُوا لِلنَّاسِ حُسْنًا" (Speak kindly to people), teachers can emphasize good manners, respectful communication, and positive social interaction in daily life.

Question No. 2a	
Question Text	Describe any TWO characteristics of the second period of compilation of Hadith.
SLO No.	2.1.4
SLO Text	Explain the characteristics of the three periods of compilation of Hadith.
Max Marks	2
Cognitive Level	U
Checking Hints	Give ONE mark for writing regarding the compilation of Hadith in second period (TWO required).
Overall Performance	This question was focused on the 'second period of compilation of Hadith'. Most of the candidates struggled to provide a comprehensive answer, However, few candidates mentioned very briefly on the second phase of the compilation of Hadith.
Description of Better Responses	*In better responses*, candidates noted that Caliph Umar bin Abdul Aziz (*RA*) issued letters to governors instructing them to collect *Ahadith*, that eminent scholars such as Imam Mak'hool, Imam Sha'bi, and Imam Zuhri took the responsibility of compiling *Ahadith*, that existing manuscripts were gathered and consolidated, this period witnessed the compilation of works such as *Kitab al-Athar* (كتاب الاثار) and *Al-Muwatta* Imam Malik (موطا امام مالک) and the second phase of Hadith compilation commenced in 99 AH.
Images of Better Responses	**Image (i)**  1. In the 2nd period Hazrat Umar wrote letters to scholars for the compilation of Hadith. 2. Thes narrations of Abu Huraira were collected and written by ones of his students. **Image (ii)**  • The Umayyad Caliph Umar bin Abdul Aziz sent letters to governors to collect and compile Ahadith from people. • Several committees were formed to compile the Ahadith

Description of Weaker Responses	A large number of candidates were unable to fully understand this question. The question specifically related to the second period of compilation of Hadith. However, many candidates did not grasp the concept of *tadween* (compilation) and instead wrote more extensively on the general importance of Hadith. Their responses included points such as that acting upon Hadith is obligatory for everyone, that Hadith will remain preserved until the Day of Judgement, that during this period people memorised Hadith orally, that greater emphasis was placed on practising the Qur'an, and that work was carried out on the Hadith *Qawli, Fi'li*, and *Taqreeri* during the second phase.

Any Additional Suggestion:

When teachers teach about compilation of Hadith, it is essential to commence by clarifying the meaning of the term 'compilation of Hadith (تدوینِ حدیث)'. Compilation of Hadith refers to the meticulous process of scrutinising and verifying the authenticity of transmitted Prophetic traditions, ensuring that they conform to strict standards of reliability and accuracy. To make this topic engaging and clear for students, teachers may adopt the following strategies:

1. **Use of Flowcharts and Timelines**: Present the stages of Hadith compilation visually, beginning from oral transmission to documentation in major Hadith collections (e.g., Sahih al-Bukhari, Sahih Muslim). This will help students see the progression step by step.
2. **Role-play / Case Study Method**: Assign groups of students the role of early Hadith scholars. For instance, one group can act as narrators, while another group acts as *Muhadissin* (محدثین) who check *Asnad* (chain of narrators). This activity will give students a practical sense of how Hadith authenticity was ensured

Question No. 2b	
Question Text	لَا يُؤْمِنُ أَحَدُكُمْ حَتّٰى يُحِبَّ لِأَخِيهِ مَا يُحِبُّ لِنَفْسِهِ۔ (Hadith: 04) Describe any TWO impacts on the society if people act according to the given Hadith.

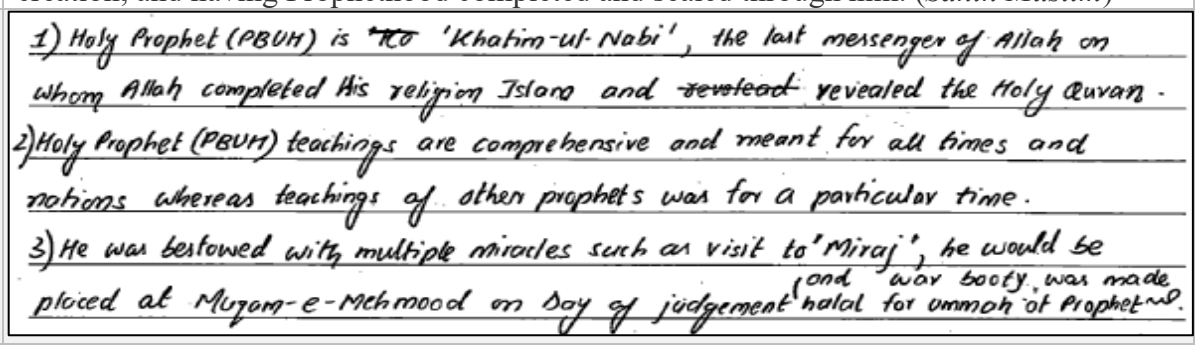

SLO No.	2.2.2
SLO Text	Explain the main teachings of these *Ahadith*.
Max Marks	2
Cognitive Level	U
Checking Hints	Give ONE mark for writing a point related to the impact on society (TWO required).
Overall Performance	This question pertained to Hadith No. 4. Candidates demonstrated a strong understanding of the Hadith's meaning and delivered insightful responses regarding its impact on society.
Description of Better Responses	*In better responses*, Candidates mentioned that acting upon Hadith would lead to the development of society, the promotion of research, the establishment of peace and tranquillity, the growth of mutual love, the strengthening of unity and brotherhood, the promotion of fraternity, and the elimination of discord and immoral behaviour.
Image of Better Response	 If people would start acting according to this hadith there will be a big change to society. like there will be brotherhood, kindness, humanity and less envy or jealousness. Bond with other muslim brother will be more strong and there will also be a sense of taking care of other's which might cause less envy
Description of Weaker Responses	A small number of candidates were unable to understand the question regarding the impact of Hadith. Their responses included points such as that a person who acquires knowledge will enter Paradise, that one should seek knowledge, that knowledge should be pursued from the cradle to the grave, and that self-control will be attained. These responses indicated that the candidates did not fully grasp the actual meaning of the Hadith.
Images of Weaker Responses	**Image (i)**  • The teachings of multiple scholars were recorded by their pupil. • The recording was free from any kind of error or wrong guidance. FOR EXAMPLE the teachings of Hazrat Abu Hurairah was recorded by Bashir and by Arwah ibn Zaid and Nabil of of Hazrat Ayesha **Image (ii)**  - People will to take wise decisions and control their NiFi through which they can control their bad deeds. - A peaceful society can be established if people start having impact of this Ahadith..

SLO Text	Give arguments in support of universality of the Prophecy of Hazrat Muhammad (صلی اللہ علیہ و آلہ و سلّم).
Max Marks	3
Cognitive Level	A
Checking Hints	Give ONE mark for writing regarding The Holy Prophet (PBUH) has been given superiority over other Prophets (THREE required).
Overall Performance	This question pertained to the topic of the superiority of the Holy Prophet (PBUH) over other Prophets. Overall, candidates provided well-structured responses, presenting detailed evidence regarding the Prophet's (PBUH) superiority. The responses indicated that the candidates possessed a sound understanding of, and familiarity with, the *Seerah* of the Holy Prophet (PBUH).
Description of Better Responses	In *better responses*, Candidates mentioned points such as that the Holy Prophet (PBUH) was sent as a mercy to all the worlds, that Prophethood came to an end with him, that the Glorious Qur'an was revealed to him, a divine book whose preservation has been guaranteed by Allah Almighty, he abrogated all previous laws, he was sent to the whole of humanity, and he was granted the *Mi'raj* (معراج). Some candidates also mentioned the well-known Hadith in which the Holy Prophet (PBUH) stated that he was granted superiority over all other Prophets in six aspects. These include being granted concise and comprehensive speech; being supported against enemies through awe; being permitted the spoils of war; having the entire earth made pure and a place of prayer; being sent to all of creation; and having Prophethood completed and sealed through him. (*Sahih Muslim*)
Image of Better Response	

Description of Weaker Responses	A small number of candidates focused more on the general qualities of the Prophets rather than specifically addressing the superiority of the Holy Prophet (PBUH). In their responses, they mentioned points such as that the Prophet (PBUH) spent his entire life in worship, never spoke a lie, was known as *Al-Sadiq* and *Al-Ameen*, and helped everyone.

Any Additional Suggestion:
When teaching the topic of the Holy Prophet's (PBUH) superiority over all other Prophets, teachers should first explain the meaning of 'superiority' and then clarify that there is no difference in the general qualities shared by all Prophets, such as adherence to divine revelation, possessing noble character, and fulfilling the duty of conveying the message. However, when discussing the Holy Prophet (PBUH), teachers should highlight the specific aspects in which he was granted superiority over all Prophets. In particular, they should explain the well-known Hadith that mentions six distinct aspects of this superiority (as cited in the details of the stronger responses above), so that students can clearly differentiate between what is common to all Prophets and what is unique to the Holy Prophet (PBUH).

Question No. 3b

Question Text	With reference to the *Seerat-e-Tayyeba* (*SAW*), describe any TWO examples that show that the Holy Prophet (PBUH) is merciful for the enemies of Islam as well.
SLO No.	3.11.17
SLO Text	Narrate the events depicting the Holy Prophet's mercy for the created beings.
Max Marks	2
Cognitive Level	U
Checking Hints	Give ONE mark for writing an example related to *Seerat-e-Tayyeba* (*SAW*) (TWO required).

Overall Performance	Overall, candidates' performance in this question was good. They demonstrated a sound understanding of the *Seerah* by presenting a variety of examples illustrating the mercy of the Holy Prophet (PBUH). Their responses reflected good factual knowledge in particular, candidates selected incidents from different periods of the Prophet's (PBUH) life that highlighted his compassion in the given situation.
Description of Better Responses	In *better responses*, Candidates illustrated the Holy Prophet's (PBUH) mercy towards his enemies through various examples such as forgiving the enemies of Islam after the conquest of Makkah, praying for the guidance of the people of *Ta'if* when they pelted him with stones, visiting the woman who used to throw rubbish on him during his illness, and showing kindness to the enemies at the Battle of Badr.
Images of Better Responses	**Image (i)** (1) Holy Prophet (PBUH) forgived the killer of his uncle (Hz Hamza when he came to accept Islam. (2) There was an old woman who used ## to through garbage on Holy prophet, when she fell sick, holy Prophet (PBUH) went for her ayadat (visted) her). **Image (ii)** 1) Once a woman used to throw garbage on Holy Prophet as a sign of discrimination of him and his religion but one day she was not out so he went inside her home and found out she was sick so instead of taking the advantage, he prayed for her well-being. 2) When he went to Taif for preaching Islam, people physically hurted him and said bad to his religion but still when Hazrat Jibrael (A.S) asked him to destroy those people, he denied and instead wished for their hidayah.
Description of Weaker Responses	Few candidates were unable to understand the question. Instead of mentioning specific incidents, they only listed the qualities of the Holy Prophet (PBUH) such as that he used to forgive everyone, that he was *Al-Sadiq* and *Al-Ameen* and that he always conveyed the message of love.
Image of Weaker Response	• Holy prophet (PBUH) was kind to those who are bad to him. • Holy prophet (PHUH) was trustworthy, never broke anyone trust. • He most merciful and forgiver.

Any Additional Suggestion:

When teaching the topic of the Holy Prophet's (PBUH) mercy towards the enemies of Islam, teachers should begin by explaining the concept of mercy **(رحمت)** in Islam, clarifying that it extends beyond friends and followers to even those who opposed or harmed Muslims. They should highlight that the Prophet Muhammad (PBUH) was sent as a 'Mercy for all worlds' (*Rahmatul-lil-Alameen*), which includes non-Muslims and even enemies such as:

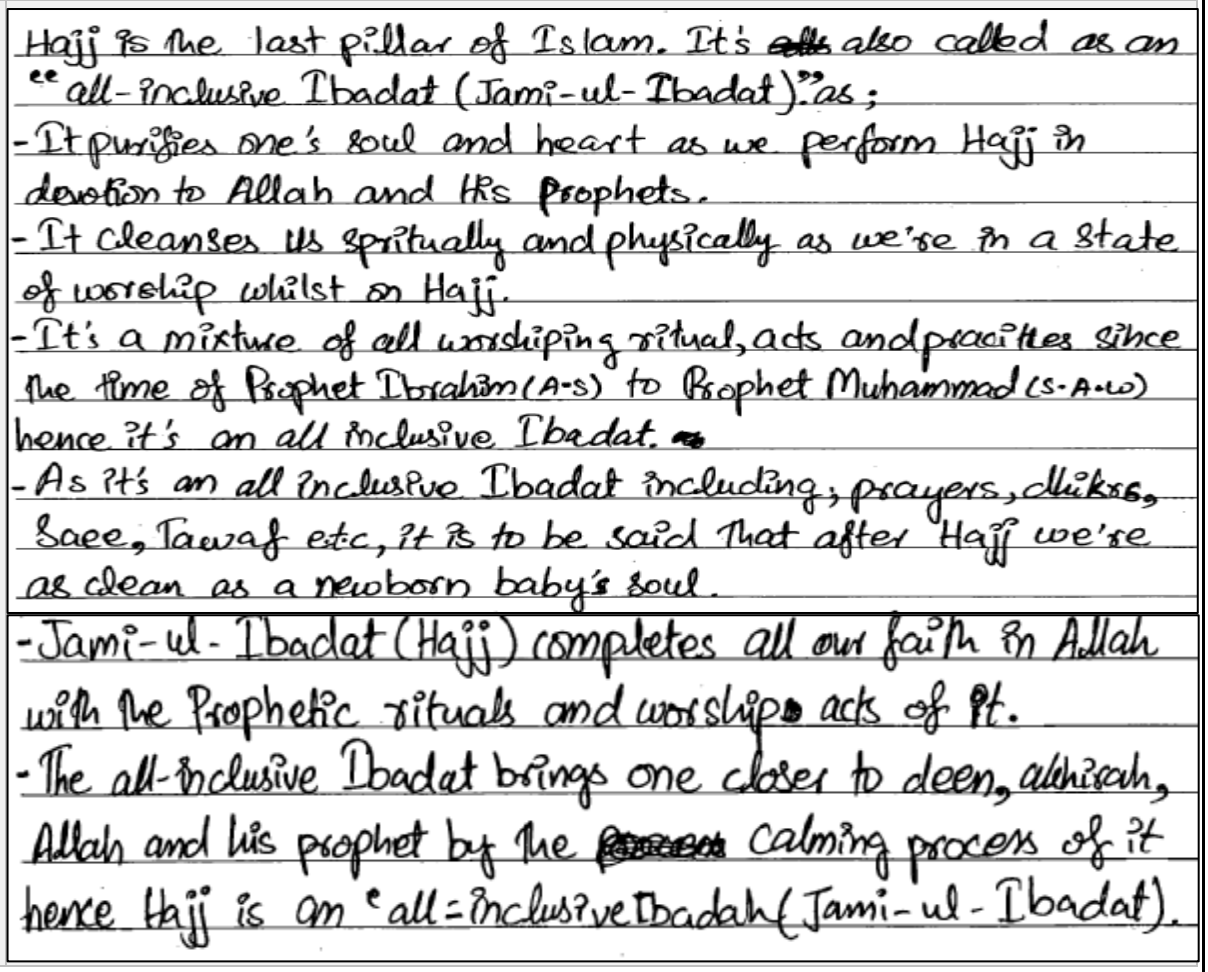

The Conquest of Makkah (فتح مکہ): etc.

Extended Response Questions (ERQs)

Extended response questions offered a choice between parts 'a' and 'b'

Question No. 4a	
Question Text	'*Hajj*' is called as an 'all-inclusive *Ibadat* (*Jami-ul-Ibadat*).' Justify the given statement in any SIX points.
SLO No.	3.9.3
SLO Text	Give arguments that *Hajj* is an 'all inclusive' *ibadat.*
Max Marks	6
Cognitive Level	A
Checking Hints	Give ONE mark for writing an argument (THREE required).
Overall Performance	Overall, the candidates' performance in this question was above average. They provided detailed arguments on *Hajj* as a comprehensive form of worship. The responses indicated that the candidates possessed a strong understanding of the concept of *Hajj*. (**Note:** In the Extended Response Question (ERQ), candidates are required to attempt either Part a or Part b. Part a addressed the topic '*Hajj* as a Comprehensive Form of Worship,' while Part b focused on 'Addressing Contemporary Economic Issues in the Light of the *Seerah*.' The majority not only opted for Part a.)
Description of Better Responses	In *better responses*, candidates highlighted that the financial obligation of worship is fulfilled, consistency in acts of devotion is maintained, the pilgrim undertakes a long journey that serves as striving against the self (*Jihad bil-nafs*), fasting is observed, remembrance and obedience of Allah are upheld, all personal desires are surrendered before Him, patience is practiced, the spirit of compassion and unity is fostered, bonds of brotherhood are strengthened, focus and discipline in interactions are achieved, and the commitment to serving humanity is reinforced, among other observations.
Image of Better Response	

a) Hajj is an all inclusive ibadah due to many reasons: In islam when person is travelling so he is granted leverage to offer reduced prayer. whereas Hajji offers prayes normally so that he/she may gain peace and relief while offering effortful rituals. Moreover, Hajj requires endurance and patience. Since Haji faces thirst, hunger, fatigue etc. while offering Hajj rituals. This reflects fasting. During Hajj, person has to give financial sacrifices for travelling, accomodation, sacrifice just in way of Allah to attain His pleasure, this reflects payment of zakat. Hajj requires control over emotions and desires which is act of Jihad-bil-Nafs and also reflects fasting rules. since one strive in way of Allah against oneself keeping control over desires and emotions, adhering to strict restrictions of Ihram. In addition, stay at Arafat and mina resembles aitekaaf where one cut him/herself from worldly connections and spend time in remembrance of Allah. wearing of Ihram bridges gap between rich and poor fostering equality, just the way zakat help make poor become affectionate towards rich.

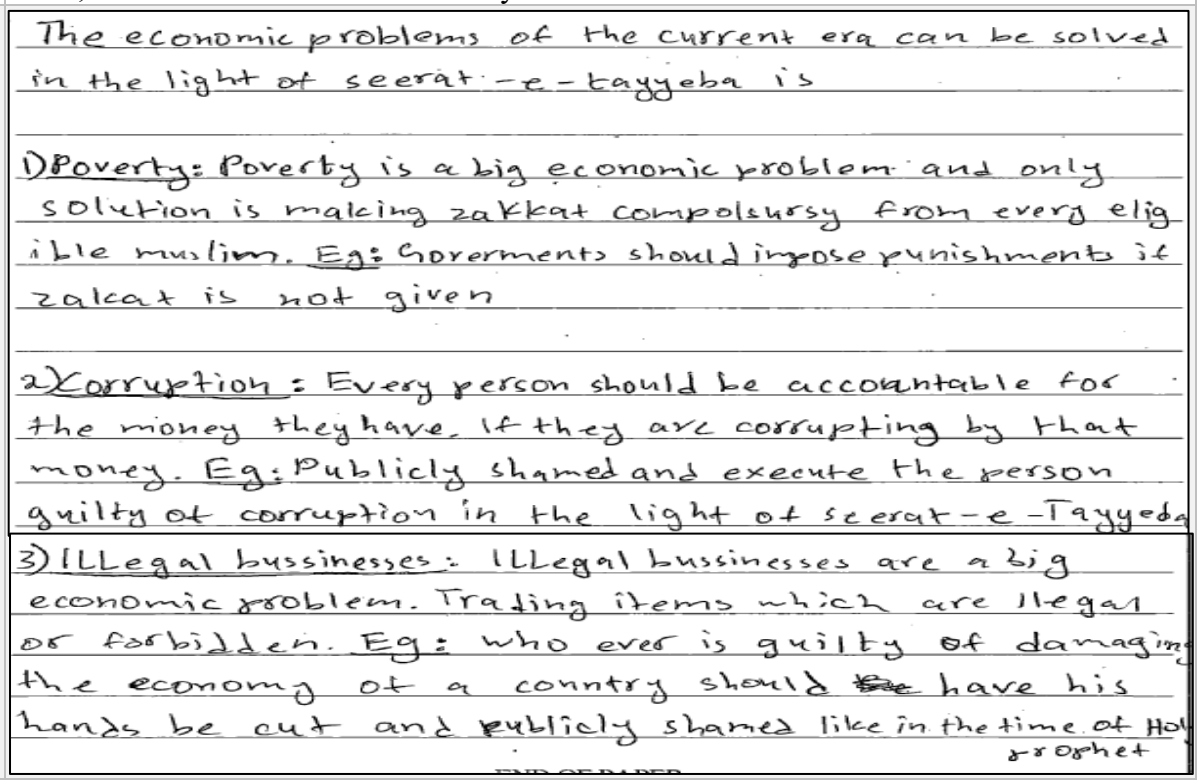

Description of Weaker Responses	Few candidates were unable to fully comprehend the question. Instead of addressing the required aspect, they merely listed basic facts about *Hajj*, such as its obligation upon those who are financially capable, the performance of *Sa'i* (سعی), the act of sacrifice, and the ritual of *Tawaf*. These responses demonstrated a lack of engagement with the deeper conceptual understanding expected, focusing instead on general information rather than the analytical or interpretive dimension required by the question.
Image of Weaker Response	 Hajj is the last pillar of Islam. It's also called as an "all-inclusive Ibadat (Jami-ul-Ibadat)" as; - It purifies one's soul and heart as we perform Hajj in devotion to Allah and His Prophets. - It cleanses us spiritually and physically as we're in a state of worship whilst on Hajj. - It's a mixture of all worshiping ritual, acts and practises since the time of Prophet Ibrahim (A.S) to Prophet Muhammad (S.A.W) hence it's an all inclusive Ibadat. - As it's an all inclusive Ibadat including; prayers, dhikrs, Saee, Tawaf etc, it is to be said that after Hajj we're as clean as a newborn baby's soul. - Jami-ul-Ibadat (Hajj) completes all our faith in Allah with the Prophetic rituals and worship acts of it. - The all-inclusive Ibadat brings one closer to deen, akhirah, Allah and his prophet by the calming process of it hence Hajj is an "all-inclusive Ibadah (Jami-ul-Ibadat).

Question No. 4b	
Question Text	How can the economic problems of the current era be solved in the light of *Seerat-e-Tayyeba* (*SAW*)? Explain the solution of any THREE problems with examples.
SLO No.	3.11.5
SLO Text	Express their opinion as to how guidance can be sought from the'*Sirat-e-Nabawi*' in solving the present-day economic, social and other problems.
Max Marks	6
Cognitive Level	A
Checking Hints	• Give ONE mark for writing an economic problem (THREE required). • Give ONE additional one mark for providing a solution to the problem (THREE required).
Overall Performance	This question, which pertained to solutions for economic problems, performed well. It was observed that many students digressed into a discussion on society instead of focusing on economy. However, those who correctly understood the concept of economy were able to identify a relevant problem and provide an appropriate solution alongside it.
Description of Better Responses	In better responses, candidates suggested that poverty can be eradicated through the proper distribution of *Zakat*. They emphasized the need for equitable distribution of wealth so that all individuals receive a fair share. They proposed giving priority to merit, ensuring that those who are qualified are granted their rightful opportunities. They stressed the elimination of bribery to prevent unlawful practices. They highlighted that corruption is widespread and corrupt officials should be punished to put an end to it. They recommended promoting justice and fairness in institutions so that everyone is treated equally. They also noted that due to rising crime, people are distressed, and in the light of the *Seerah* of the Prophet (PBUH), criminals should be punished promptly, such as amputating the hand of a thief, to serve as a deterrent for society.
Image of Better Response	

Description of Weaker Responses	Most of the candidates who attempted this question appeared to interpret the term economic life as social life and therefore provided responses accordingly. For example, they stated that the example of the Holy Prophet (PBUH) serves as a model for us, that we should follow his *Seerah*, that one should always speak the truth, that people should be forgiven, that gratitude to Allah *Ta'ala* should be expressed in all matters, and that one should always stand by the truth, among other similar points.

Annexure A: Pedagogies Used for Teaching the SLOs

Pedagogy: Storyboard
Description: A visual pedagogy that uses a series of illustrated panels to present a narrative, encouraging creativity and critical thinking. It helps learners organise ideas, sequence events, and comprehend complex concepts through storytelling.
Example: In a Literature class, students are tasked with creating storyboards to visually retell a novel. They draw key scenes, write captions, and present their stories to the class, enhancing their reading comprehension and fostering their imagination.

Pedagogy: Cause and Effect
Description: This pedagogy explores the relationships between actions and consequences. By analysing cause-and-effect relationships, learners develop a deeper understanding of how events are interconnected and how one action can lead to various outcomes.
Example: In a History class, students study the causes and effects of the Industrial Revolution. They research and discuss how technological advancements in manufacturing led to significant societal changes, such as urbanisation and labour reform movements.

Pedagogy: Fish and Bone
Description: A method that breaks down complex topics into main ideas (the fish) and supporting details (the bones). This visual approach enhances comprehension by highlighting essential concepts and their relevant explanations.
Example: During a Biology class on human anatomy, the teacher uses the fish and bone technique to teach about the human skeletal system. Teacher presents the main components of the human skeleton (fish) and elaborates on each bone's structure and function (bones).

Pedagogy: Concept Mapping
Description: An effective way to visually represent relationships between ideas. Learners create diagrams connecting key concepts, aiding in understanding the overall structure of a subject and fostering retention.
Example: In a Psychology assignment, students use concept mapping to explore the various theories of personality. They interlink different theories, such as Freud's psychoanalysis, Jung's analytical psychology, and Bandura's social-cognitive theory, to see how they relate to each other.

Pedagogy: Audio Visual Resources
Description: Incorporating multimedia elements like videos, images, and audio into lessons. This approach caters to different learning styles, making educational content more engaging and memorable.
Example: In a General Science class, the teacher uses a documentary-style video to teach about the solar system. The video includes stunning visual animations of the planets, interviews with astronomers, and background music, enhancing students' interest and understanding of space.

Pedagogy: Think, Pair, and Share
Description: A collaborative learning technique where students ponder a question or problem individually, then discuss their thoughts in pairs or small groups before sharing with the entire class. It fosters active participation, communication skills, and diverse perspectives.
Example: In a Literature in English class, the teacher poses a thought-provoking question about a novel's moral dilemma. Students first reflect individually, then pair up to exchange their opinions, and finally participate in a lively class discussion to explore different viewpoints.

Pedagogy: Questioning Technique (Socratic Approach)
Description: Based on Socratic dialogue, this method stimulates critical thinking by posing thought-provoking questions. It encourages learners to explore ideas, justify their reasoning, and discover knowledge through a process of inquiry.
Example: In an Ethics class, the instructor uses the Socratic approach to lead a discussion on the meaning of justice. By asking a series of probing questions, the students engage in a deeper exploration of ethical principles and societal values.

Pedagogy: Practical Demonstration
Description: A hands-on approach where learners observe real-life applications of theories or skills. Practical demonstrations enhance comprehension, skill acquisition, and problem-solving abilities by bridging theoretical concepts with real-world scenarios.
Example: In a Food and Nutrition class, the instructor demonstrates the proper technique for filleting a fish. Students observe and then practice the skill themselves, learning the practical application of knife skills and culinary precision.

(**Note:** The examples provided in this annexure serve as illustrations of various pedagogies. It is important to understand that these pedagogies are versatile and can be applied across subjects in numerous ways. Feel free to adapt and explore these techniques creatively to enhance learning outcomes in your specific context.)
