Q.1. (Total 3 Marks)

A classmate of yours is struggling to grasp the importance of Commercial Geography at the HSSC II level. He/ she is unable to understand the subject's relation to real life and current events. Therefore, he/ she believes that it should be replaced with some other valuable subject.

Based on the given scenario, how would you explain the significance of studying commercial geography and its connection to trade and commerce?

Q.2. (Total 3 Marks)

Mehrab-pur is a small village nestled in a fertile valley, known for its rich soil and prosperous agricultural activities. The village's economy is heavily dependent on farming, with most of its residents engaged in growing crops like wheat, corn and vegetables. The villagers have also been engaged in deforestation to expand their farmlands, removing trees that once held the soil together.

Over the past few years, the village has been experiencing unseasonably heavy rains and stronger winds, partly due to climate change.

In light of given scenario, discuss any THREE problems that can arise for the villagers.

Q.8. (Total 3 Marks)

Pakistan's energy sector hampers economic growth despite the increase in power generation since 2013. The key issues include expensive fuel sources, reliance on imported energy, chronic natural gas shortages, substantial sector debt and outdated transmission and distribution systems. These challenges lead to significant economic hurdles in trade and commerce.

With reference to GDP and economic development, describe any THREE challenges the given situation will bring to overall economic growth.

Q.10. (Total 7 Marks)

EITHER

a. The travel and tourism sector's total contribution to Pakistan's GDP was 5.9 percent in 2022 with a provision of 4.2 million jobs. This is a sub-optimal information in view of considering the diverse tourist sites located across the country. Pakistan attracted US$ 16 billion in visitor spending in 2022 which is projected to touch US$ 30 billion in 2033.

(source: https://www.worldbank.org/en/news/feature/2023/11/01/promoting-responsible-tourism-in-Pakistan-s-north)

Considering the surge in the tourism industry, suggest any SEVEN steps that the government can take to maximise the economic benefits.

OR

b. Pakistan is one of the countries that sends the most workers abroad for employment, with over 11 million people migrating to more than 50 countries through official procedures as of December 2019. In 2020, nearly 6.3 million Pakistani immigrants were living abroad, making Pakistan one of the top ten immigrant populations in the world.

(source: https://www.ilo.org/regions-and-countries/asia-and-pacific/areas-work/labour-migration)

The given information reflects that Pakistan's rate of migration is rising rapidly. Discuss any FOUR factors that are responsible for such a high trend of migration from the country.
